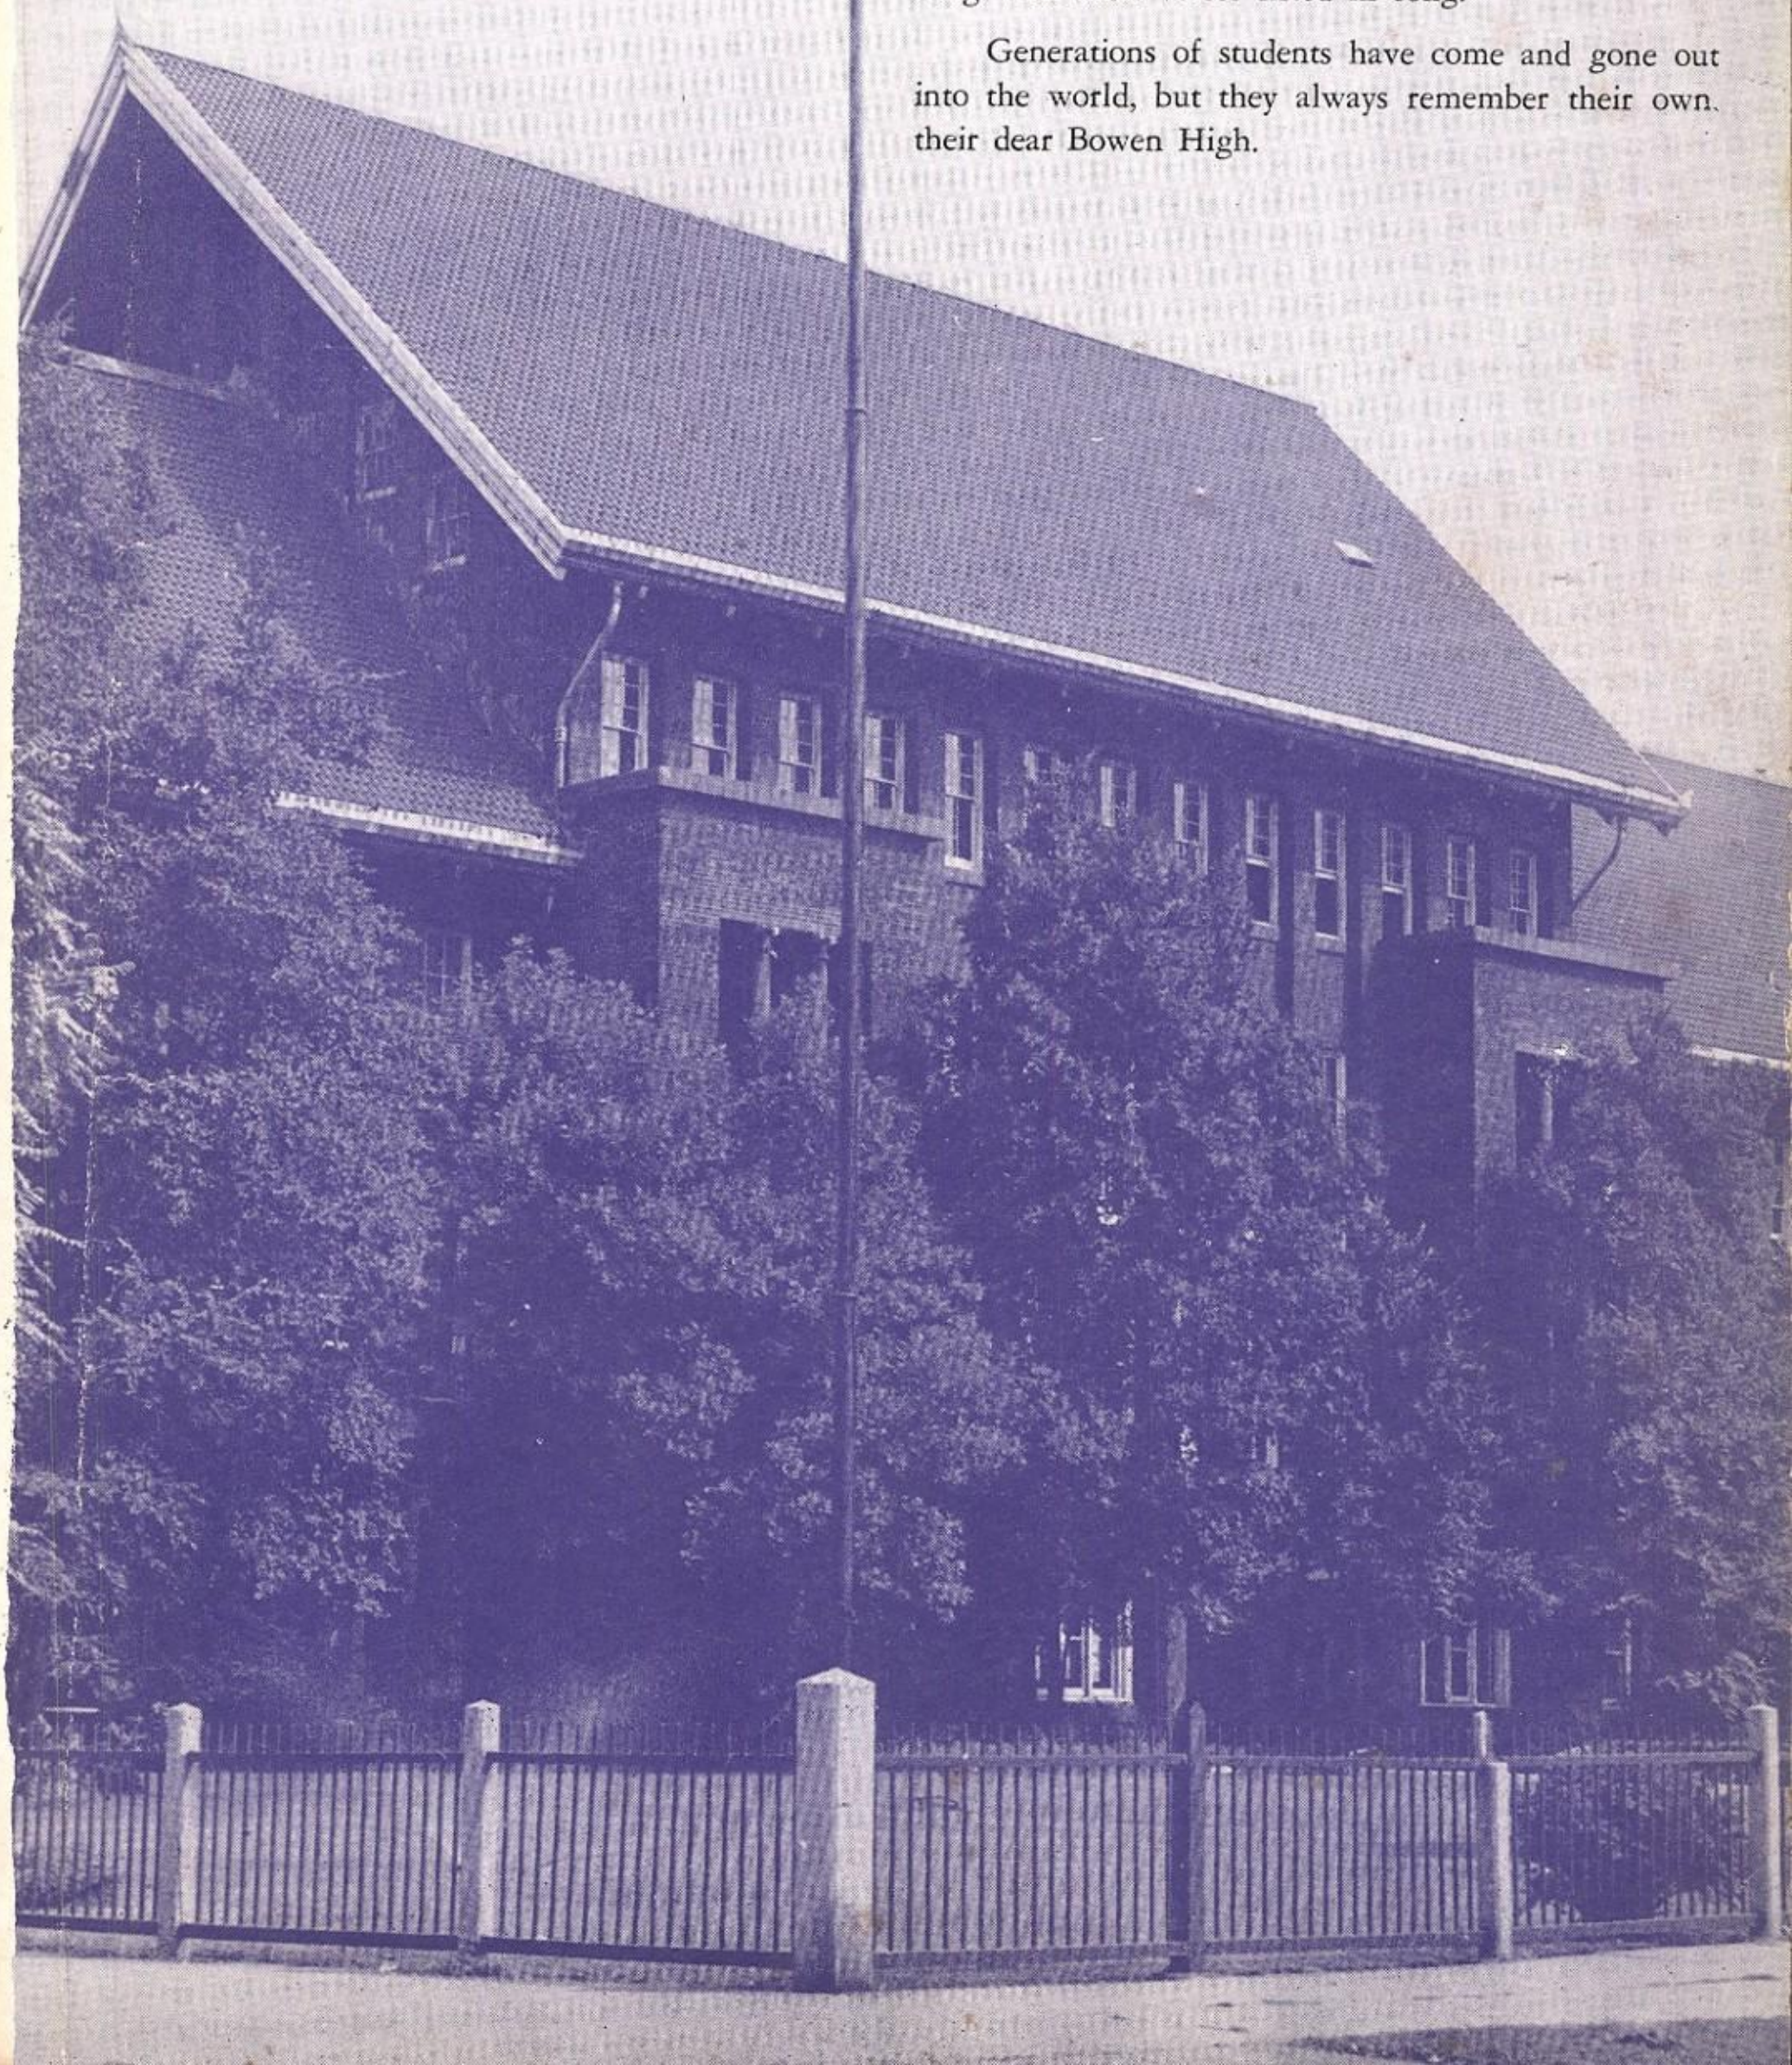
Foreword

Bowen High stands and watches the students passing through its halls, entering as freshmen and leaving after four years as self-sufficient seniors. Its walls have echoed to the happy laughter of students, rung with their voices lifted in song.

Generations of students have come and gone out into the world, but they always remember their own. their dear Bowen High.



BOW

PRESENTED BY THE SENIOR CLASSES OF THE

ENVIE

JAMES HARVEY BOWEN HIGH SCHOOL, CHICAGO, ILLINOIS

In Memoriam

Frances Craven

ETHEL SELZER

ARTHUR E. LARSON

IN APPRECIATION

The faculty and student body were sorry to learn last fall that Mr. Hearne was leaving Bowen for Gage Park High School. Mr. Hearne had been at Bowen for fourteen years and during that time had instituted many improvements at our school. All Bowenites hope that he is as well-loved at Gage Park as he was at Bowen.

Mr. Larsen was an instructor in Art and Mechanical Drawing for many years. He was also one of the sponsors of the January Class and served as Faculty Marshal at the mid-year commencement exercises.

Mrs. Ethel Selzer has served Bowen well as Attendance Officer. She was ever sympathetic with the problems of the students with who she dealt and impressed them with her willingness to help them as a friend.

Dear Mr. Hearne
It has been
a lot of fun
knowing you & in study
this semester I am sent
lots of luck in the
future

Love
Jean

General Hilton presents the Chamber of Commerce plaque to Mr. Hearne as the General Superintendent of Schools, Dr. Willis, looks on.

Dr. Romberg speaks at the Football Banquet.

To The Graduates of 1955:

It is a happy circumstance that the yearbook to which I make my first contribution has as its theme "The Student Body." It is the object of the endeavors of the faculty and principal; in fact, the main reason for our being at Bowen High School.

Moreover the theme is an appropriate one for the educational program in general. Simply expressed, education is but the interaction of students with the curriculum or activities provided for their complete social, moral, emotional, and intellectual development. With an additional vital factor, the teachers, the three constitute the heart of any school. Together they inject life and all its adventures into what otherwise would be a pile of bricks, stone, and mortar.

Replete with pictures, the pages which follow unfold a comprehensive, modern, functional program of regular and extra-class activities in operation. The former comprise the basic, prescribed subjects, while the latter are selective, carry no credit, and permit exploitation of individual interests. For every student, whether he has an interest in or a bent for music, athletics, science, or dramatics, there is a regular or extra-class activity to welcome his participation.

Largely responsible for the successful program of activities is the cooperation of students, parents, business and industrial leaders, and faculty. The wholesome atmosphere is productive of superior educational achievement and affords a wellspring of opportunities for further progress. To have a part in this thriving, pulsating community of youth is indeed a privilege and honor of which, it is my earnest hope, the years ahead will prove me worthy.

MR. ELI J. GOLDBERG

Assistant Principal

To the Classes of 1955:

This book is your memento of the happy and active years you have spent at Bowen. Its pages, in the the years to come, will awaken in your memory the amusing incidents, the interesting events, the formal education to which you subscribed, and the close association you had with your fellow students and teachers.

In the belief that in our society the schools contribute in no small measure to the total development of the person, it is our trust that you, too, have received an investment in ideals, hopes, and thoughts concerning the welfare of others, inspirations, appreciations, and the wonders and mysteries of the earth. That has been our task; you have been the instrument through which it has been unfolded. May you, throughout your walks in life, transmit to the generation to come an increased devotion to those fine and worthy principles that are now yours.

The Best Years of Our Lives

In the cold, cold winter of 1951
We began high school, grammar school was done.

We had trouble finding rooms and remembering our locker "com",
Got lost around the building and went "up" the "down."

Bowen soon became familiar, all corners and nooks;
'Twasn't long before we carried Algebra and Science books.

After six months we were Freshmen,
We took it out on the Freshies we had been.

We got used to riding buses and paying bus fares,
In Biology hunted bugs, in Geometry studied squares.

Every five weeks we would pray for no D's,
And envy the students who would get all E's.

In our third year we joined clubs, went to games,
And studied hard to fulfill all our aims.

In History, Physics, and English we did our best,
And, like everybody else hated the word "test".

Finally we were Seniors, we had reached the top;
So many things we had learned—including the Bunny Hop!

Election of our officers saw President as Tom;
Soon after that, came the big night—"Our Prom".

Tuxedos and formals were the talk of the school,
"If I were only a Senior," we could hear the Freshies drool.

We enjoyed the summers and each holiday,
It was so grand to go to school in the U.S.A.

Dr. Romberg took over our school in September,
Mr. Hearne was someone we shall always remember.

In the remaining days of each week,
Into our future we would try to peek.

We could hardly believe graduation's almost here,
Thinking of this made us sort of shed a tear.

And so the Class of January "55" sadly said good-bye,
To a wonderful four years we had had at Bowen High.

History

Class of June 1955

September 4, 1951 was just another day in the lives of many, but for a group of 240 students it was the beginning of a four-year course of learning in Bowen, a school that will always bring pleasant memories to those who have attended it.

As "freshies" we learned many important facts. Lockers could be purchased with steam heat and mousetraps; elevator passes were scarce. After we discovered the truth, we thought the seniors were pretty mean, but someone had to initiate us.

As time progressed and we became sophomores and juniors, we met new friends and started to take part in many of the school activities. These years brought hard work for those striving to become members of the National Honor Society.

Before we knew it, our senior year had arrived, starting a round of activities.

Our first escapade was Senior Sloppy Day. It was our contribution to a wonderful April Fools Day; however we made up for it by having Senior Dress Up Day, on April 20th. That was the day we were measured for caps and gowns.

Perhaps the most memorable day in our lives was the Senior prom, held on June 3rd, at the Edgewater Beach Hotel. We danced to the unforgettable tune, "Stairway to the Stars", the theme of our prom.

Graduation day finally arrived and as we walked down the aisle to the strains of the Recessional, carrying with us the knowledge we had acquired at Bowen, we entered the world, each one going to his chosen walk of life.

Oh! My darling boy!

The wedding's off.

Senior Class Play

A few of the senior girls came up with a fine idea of having a senior class play. An enormous number of students tried out for the play, "The Wedding," in which there were only seven characters. The two performances were a huge success.

This is the first time since 1938 that an event such as this has taken place.

Membership in the Bowen Chapter of the National Honor Society is the highest honor that can be bestowed upon a student in our school. To attain entrance, one must have been a member of the Honor Club for five semesters and have earned at least five service points. Along with Scholarship, high ideals of Character, Leadership, and Service must be upheld. These four important qualities are the basis for membership, and no honor conferred by the school excels that represented by the National Honor Society.

There were 46 members in the society during the current year.

One of the highlights of the induction is that each mother of the inductee is presented with a rose. After the ceremony, a tea given by the Senior Girls Council is held for the members and their parents.

Pilchard speaks for character. Dr. Romberg leads the pledge.

The Mary Irene Hastings Club of the Future Teachers of America was organized at Bowen on September 30, 1954. The name was chosen as a memorial to Miss Hastings who taught at Bowen for so many years and who was an inspiration to all.

The aims of F.T.A. are to encourage young people to cultivate in themselves qualities of personality and character, to acquaint students with the story of schools, and to provide information concerning opportunities in education.

On Jaunary 19, 1955, fifty-five charter members were inducted.

It is plain to see that Bowen's newest club will contribute much to the school.

The Honor Club

To be eligible for membership in the Honor Club the student must receive at least an "E" in each major subject and no mark below a "G" in his minors. If the pupil is carrying only 3 majors, he must attain one "S" to take the place of the fourth major. Also if a student has taken 5 solids, two being electives, that elective which gained the higher mark may be selected for computation.

Under the supervision of Miss Bradford, the Honor Club of September 1954 to June 1955 has been a successful one. At a meeting held on January 19, Dr. Romberg spoke on the responsibilities of Honor Club membership. Miss Mitchell then presented the requirements for the National Honor Society.

On May 26 the Honor Club held their annual banquet at which the Junior and Senior members were guests of the faculty. The theme of the program was "Horizons Unlimited". The Honor Club, National Honor Society, the Faculty, and the Tau Pi Alpha performed skits for the entertainment. Speeches were also presented at this time.

According to the constitution of the Honor Club, the aim is, "To promote a high standard of scholarship at Bowen High School and to give recognition to success in scholarly efforts."

Senior Girls' Council

The sponsor and officers.

Bowen has innumerable organizations and clubs, all very important to the school. One of the finest is the Senior Girls Council with Miss Edythe Lynch as its sponsor.

The Council is comprised of fourth year girls. One of the services which the Senior Girls Council renders is to serve at the National Honor Tea. The Council made bows which were sold on Bow Day and, as usual, the sale proved to be very profitable.

This year, the funds from the sale of bows were given to the Senior Class to help cover the expenses of their play.

Membership in the Jacket Girls is limited to senior girls who have given outstanding service to the school. During the football season the organization, under the sponsorship of Mrs. Harvey, sold booster badges. The proceeds from this sale were used to purchase anti-tarnish wraps for the Social Room coffee urns. The high point of each semester is the lovely luncheon which the members hold in the Social Room.

The Student Board is an organization which strives for betterment of the school. The Board is composed of representatives from every club and division.

Under the supervision of their sponsor, Mr. Eli J. Goldberg, the Board strives to accomplish many worthwhile projects. They waged a year around clean-up campaign in the washrooms and lunchroom attempting to improve our school. The division representatives also collect donations for various funds.

The graduating representatives receive pins at the Senior Award Assembly if they have served as members for three semesters, and are in the upper fourth of the graduating class.

Library Club

The Library Club is composed of students who work at least one period per day in the library, and receive Tau Pi Alpha or National Honor Society service points. The members learn all the routine tasks of running a library such as charging and discharging of books, shelving, preparation of magazines and pamphlets. In addition the club has social meetings once a month and helps keep the library cheerful with seasonal displays and gay book jackets. This year the students prepared several displays in the lobby case, for United Nations Week, Book Week, Christmas and Youth Week. Three members attended a recruitment luncheon, the purpose of which was to interest high school students in joining the library profession.

The Bowen Arrow, the newspaper of Bowen High School, is under the sponsorship of Mr. Philip M. Carlin. The staff members are able to get out six to seven issues a semester at the low cost of 60¢. Through this paper students are able to keep up with the activities of clubs and sports of the school.

Under the able direction of Miss Geraldine O'Malley, the division salesman carry on subscription campaigns and handle the distribution of the issues. Many of these salesmen bring in 100 per cent division subscription. Without their able assistance Bowen could not afford to run a newspaper.

Quill and Scroll awards are given to those senior members of the Bowen Arrow staff who have done outstandingly fine work. These pins are a recognition of loyal service and hard work for their newspaper.

Our Clean-up Committee has had a very successful year. Under the capable direction of Miss Selzer they have participated in many school activities.

In October they sponsored a clean-up slogan contest to which there was great response. In February, posters featuring the senior class officers were displayed around school as their endorsement of the clean-up drive.

April was a great month for the committee. They sponsored a "Clean up the halls" contest which the sophomore class won. The latter were awarded, for their efforts, the privilege of seeing the senior class play. A tag day was next on the agenda. On each tag appeared one of several slogans, the favorite of which was "I'm a clean-up kid." The next enterprise was that of a booklet which contained a pledge, to be signed by each student, reading, "A cleaner, brighter Bowen is our goal." Every semester the committee decorates the show case on the first floor. The display this semester was especially attractive and was centered around catchy slogans.

One of the pet projects of the clean-up committee is the installation of window boxes filled with green plants on the ledges of the center stairways.

The Shutterbugs is a camera club that consists of boys and girls interested in photography.

This semester the club has acquired a new club room and dark room. The club was also given some photographic equipment to carry on our developing and printing. Any member of the club who knows how to develop pictures is given the privilege of using the darkroom.

The activities of the Shutterbugs this semester include movies, demonstrations, talks and a field trip.

There are approximately sixty members in this organization which is sponsored by Mr. Huebner.

Attendance Office

Every morning students rush into the Attendance Office just before their classes begin, to get reinstatements and later in the day more students come in for tardy slips.

Up until the last semester, Miss Durkin who did a very fine job was in charge of the Attendance Office. In February the responsibilities were lifted from her shoulders to those of Mr. Lynch. The office is run very efficiently under his expert supervision.

Each period four or five students donate their services by preparing reinstatements, putting them in order, filing, keeping records of cuts and early dismissals, keeping duplicate attendance records of freshmen and sophomores, preparing telephone calls for students who have to be contacted, and sending out attendance letters. Everything is kept in systematic order so that any necessary information is available at the moment it is needed.

Mrs. Selzer, who was Attendance Officer for several years, retired in February. Mrs. Casper has taken over the position.

Everyone working in the Attendance Office enjoys his work very much because he knows how important it is to the school. The smooth functioning of the Attendance Office is just one more example of the results obtained by faculty-student cooperation.

The Visual Education Club, under the fine supervision of Mr. James Hurd, is one organization of which the student body and faculty are justly proud. Through the medium of movie and slide projectors, data, enlightenment and enrichment are made available to all subjects.

Mr. Hurd who has been sponsoring V. E. four years now has his forty members on their toes. They learn not only the operation of the projectors but their maintenance and repair, so essential to the smooth functioning of the Visual Education program.

Any student of Bowen High is elibigle for membership into V.E., provided he is willing to devote any free of study period to its work. In return for performing his duty, a member will obtain a Tau Pi Alpha credit. It might be said here that the services rendered thus far have been tremendous. All are certain that this high record will be sustained. Keep up the good work.

BOWEN FOOTBALL 1954

The Football Banquet

The Boilermakers, headed by Coach Lou Wasserman, enjoyed considerable success during the 1954 season as they chalked up five wins and one loss against league foes. But this season Coach Wasserman was faced with a tremendous task of rebuilding. Bowen opened up the season by losing a close 7-6 decision to Parker; Parker scored and kicked the P.A.T. in the final minute of play. Du Sable's Panthers proved to be a more rugged foe as they drubbed our boys 25-0. After bowing to Parker and DuSable the Boilermakers eked out a scoreless tie with Harper. Bowen gained its first South Central Blue division victory by defeating Hyde Park 26-7. The Boilermakers led throughout the game. Touchdowns were scored by Tom Johnson, Jack Pettigrew, Jack Micheletto and Ed Winkler. Our boys showed a lot of heart in the Englewood game. Trailing 19-6 at half time, they rallied for two touchdowns, tying the game on a 3-yard TD plunge by fullback Jack Micheletto in the final quarter. Bill Gram and Al Massucci also scored for Bowen. Bowen concluded its season by beating Farragut 18-6. Bowen led early in the first quarter when Micheletto, aided by splendid live play, pushed across for the touchdown. Tom Johnson and Bill Gram tallied the final touchdowns for the Boilermakers. The lettermen returning from last year were Jack Micheletto, Capt., Tom Johnson and Jack Pettigrew Co-Captains, Bill Brickman, Bill and Bob Gram, George Kralj, Al Massucci, Norbert Matts, Howard Pawlak, Richard Yaki, and Ed Winkler. New boys on the squad are: Dan Chubrick, Al Olympia, Ray Potts, Dick Witt, Anthony Miresso, and Jaird Chasten.

Basketball

With the graduation of the top men of the 1953-54 championship team, Bowenites looked for a dismal year in 55. The Boilermakers however would not concede under the expert guidance of Coach Pritikin. They amassed a winning record of 10-8. Lack of height and experience, and a continuous plague of injuries proved too much for the boys in their bid for a city play-off berth. The Boilermakers boasted of one of the strongest scoring front lines in Chicago with forwards Paul Kantzler, Bill Rozich and center Al O'Brien each scoring over 100 points in city league competition. The back court tasks of the Boilermakers were assigned to guards Jim Edwards and John Crotty. After the mid-season graduation of Edwards, Bob Zeisel, assumed the position. Reserves who saw much action were Jack Micheletto, Leroy Boyer, and Sal Barba.

Frosh-Soph Basketball

The Frosh-Soph Basketball team in spite of a dismal record, left Bowen great hopes for future varsity squads. The fact that six of the regulars, F. Kujawski, A. Grundman, R. Rodriguez, M. varsity squads. The fact that six of the regulars, Griegel, W. Kira, and R. Matilla are only freshmen is one of the reasons Bowenites can look for a strong city league contender in years to come. When young boys like these can be put under the tutoring of such a fine coach as Mr. Pritikin for four years it is inevitable that by the time they are seniors they will have been molded into a power in the city basketball lague. Sophomores on the team who can be looked for on next year's varsity squad are P. Lakich, D. Brokop, M. Randall, R. Belazi, and S. Ivy.

Boys Bowling

Every Thursday afternoon during the year, the Boys Bowling League compete at Dom Divito's Lanes. The League consists of ten teams, each team comprised of four boys. In the fall semester, the team called the Mounties, consisting of Rod Hamburg, Jack Forman, Harvey Green, and Dave Houser, Captain, took first place honors and trophies. The second place team, the Pin-dusters, composed of Skip Janeszewski, Paul Styles, Ken Koche, and Al Greathouse, also received trophies. Rod Hamburg of the Mounties took first place in the race for high average. He was followed by Jack Forman and Dave Houser, also of the Mounties. All had averages of 156.

In inter-school competition, a team made up of Jack Forman, Rod Hamburg, Dave Houser, Bruce Berlow, Ron Caro, and John Hawrot took fourteenth place in the city.

SECOND PLACE TEAM:
Janezewski, Koche, Styles, and Greathouse.

Bowling

The G.A.A. Bowling League is comprised of 18 teams which bowl 30 games a semester at Dom Divito's alleys on 95th Street.

The girls are given awards and G.A.A. points for having perfect attendance. This year Beverly Bonander and Myrna Askins will receive special awards as they have had eight semesters of perfect attendance. No one else has ever accomplished this at Bowen.

Awards are given for high game, high series, and winning team. A trophy is given for the highest average. In the fall semester Bonnie Randall had the highest average which was 136, Diane Pozarowski had high game, 196, Marilyn Yerkovich had high series, 338; and the winning team was the Kool Katz with a record of 20 and 10. The season ended January 5, and, the following week, the top 30 girls bowled the top 30 boys of the Boy's Bowling League.
